ATTEMPTED MURDER

CHARGED AGAINST PONOKA MAN.

J. Hall Brought up from Ponoka Last Evening to Await Trial on a Charge of Shooting with Intent to Kill.

J. Hall was brought up from Ponoka last night by the R. N. W. M. P. to await his trial before the Supreme Court on a charge of attempted murder for the shooting of Frank Wright. Wright was also brought up for treatment and lies at the general hospital in a precarious condition.

The shooting took place in Ponoka on Tuesday evening, but the police detachment having been removed recently, Hall was not arrested until yesterday morning on the arrival of a constable from Wetaskiwin. He was arraigned before Mr. Phillips, J. P., of Battle River, and sent up for trial on a charge of shooting with intent to kill.

The shooting was done with a shotgun, the charge striking the victim in the vicinity of the abdomen. He was very low this morning, and hopes of his recovery are slight.

Hall was taken to Fort Saskatchewan this morning.

The cause of the trouble is not yet known.

C.N.R. STATION PLANS

REPORTED TO HAVE BEEN FILED

The Report Current on the Street for Several Days Takes Definite Shape—Supt. Pace and Mayor MacKenzie are Non-Committal.

Plans which have been current in the city during the past week have gained in persistence and definiteness during yesterday and today to the effect that plans for the new C.N.R. station here would be the city last week and have been filed to the city office and application made for the requisite building permit.

So far no definite confirmation of the report can be secured. Mr. Pace, Superintendent of the C.N.R. & P. line stated this morning that he had no information on the matter. Mayor MacKenzie stated that while he understood that plans had been in course of preparation for some time he was not in a position to go farther than Mr. Pace in the matter and would neither deny or corroborate the rumor.

The general belief on the street is that there is a foundation of fact for the report. An official of the company who was in the city not long since is understood to have said very emphatically that work on the station would be begun by July 1st, and that trains would be running over the C.N.R. line from Edmonton to Winnipeg before the snow falls. The statements of Superintendent Pace and Mayor MacKenzie, too, are non-committal rather than negative.

WELLAND CANAL ACCIDENT.

St. Catharines, May 18.—The steamer Cuba, of Montreal, entered the Welland locks at an extraordinary rate of speed, carried away the gates, caused a flood and sank herself.

CHARGED WITH INFANTICIDE.

Toronto, May 18.—Emma Harvey, twenty-five years old, lying in a hospital here in a critical condition, has been placed in charge of the police for the murder of her infant. William Furness has been arrested on the same charge. The child is said to have been drowned in a wash basin.

BODY IDENTIFIED.

Calgary, May 17.—The body of the man found in the slough east of the bridge, is that of Edward Forrester, a veteran of the Boer war and South African Constabulary, and for a few weeks a resident of Calgary. The body was identified yesterday morning by William Bradley, of Calgary. Constable Hardy was on the case and took Bradley to make the identification, which was positive.

Edward Forrester was a corporal blacksmith during the South African war and when with the Constabulary. He came to Canada in August last, coming directly to Calgary. He was engaged here as mason's helper.

About the first of the year he went to Gravelly to work at his trade. He left Gravelly about the first of April and was never seen alive again.

He was addicted to drink and had been drinking heavily before starting for Calgary.

Saturday Specials

TAPE GIRDLES Regular 50c. Saturday 25c. a pair.

LADIES NIGHT DRESSES, regular \$1.50, Saturday \$1.15 each.

MACLEOD GAZETTE TAKES A
HAND.

The Macleod Gazette says:
Calgary and Edmonton are placed on an equal footing with one representative each, although Calgary has nearly double the population of the latter. But, even more hazy work was necessary to locate the majority of the constituents around the centre of the European element of the far north. This was accomplished by giving to Athabasca—that remote section of the extreme north, where the population is too scattered to be adequately represented or formed into anything like an organized district—two representatives, and scarcely 600 votes."

THE HERALD HAS ANOTHER
INNINGS.

Under the heading "Edmonton Glouts," the Calgary Herald says:
Small wonder that men in Northern Alberta glout complacently over the clench the Oliver-Talbot gerrymander gives Edmonton.

"No use you fellows in the south trying to buck us," said one of them yesterday. "This thing was all cut and dried months ago. We've got Laurier and the Roman Catholic church and the Grand Trunk solid, and you can't buck us."

His concluding sneer represents the ignorance of the average Edmontonite. He said: "The South and Calgary are only a little corner of Alberta anyway, and those poor devils of farmers who have settled in the south will have to leave the country, or starve."

This sort of talk will go a long way to change the tolerant policy of Calgary and the South toward Northern Alberta, and, if persisted in, will force a public warning against immigration to the region north of Edmonton, where high authorities assert, what cannot be grown successfully. It has been already proved that the entire area fit for settlement in the Peace River valley is considerably smaller than the district now being brought under cultivation east of Calgary, by the C. P. R. irrigation canal.

PROTRACTED OBSTRUCTION
THREATENED.

Mr. A. B. Ingram, M.P., for East Elgin, discussing the Autonomy Bills in the House last week, assured the members that the present obstruction tactics would be protracted until the snow was a foot deep rather than that the legislation should be allowed to pass. The speaker was discussing at the time (out of order) the method of dividing Alberta into provincial constituencies. Coming from a member who owes his election in three successive campaigns to the expert gerrymandering of the county of Elgin by the government of the late Sir John A. Macdonald, this promise of Mr. Ingram has an interest quite beyond that of the ordinary utterances of its author.

While Mr. Ingram probably did not presume to announce the settled policy of the opposition, no denial of his declaration was made by Mr. Borden or any other responsible leader among the opposition members. It, therefore, the autonomy, which we were told a year since by those same members, was the supreme requisite to Territorial prosperity, be delayed beyond the time set for its insertion, the fault will be not with the Government which has introduced the legislation, nor with the people solely and directly concerned in it, but with a group of those opposition members who have sought to gain a party advantage at the expense of delaying what they have declared to be the prime necessity of the Territory.

WANTED.

GOOD AGENTS FOR THE
Oliver Typewriter
IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

CAR LOAD

Ross Bros. Limited

have the largest and best assorted stock of paint in Edmonton. No matter what you want in paint, they have it, and the goods are the best that money can buy. Paints ready mixed for the brush, wall colors, oil and varnish stains, Brushes of every description.

Cheap Ready Roofing

That any person with a hammer can put on.

Tested and Tried

Wherever roofing materials are used there Malthoid is king. Always ready for instant use—no paint required. Tin caps, nails and cement for seams furnished free with every roll. These, together with a hammer, are all that are needed to make a perfectly weather-proof roof.

Write for illustrated booklet

24 SECOND ST., SAN FRANCISCO, CAL.

We keep this roofing in one or two pieces, in rolls of two squares to the roll, and its cheapness, and the simplicity of laying it, in any building, about its durability, will at once recommend it for all classes of buildings.

Lawn Mowers

We have an up-to-date stock of them in sizes of 11, 16 and 18 in., and our prices are lower than these goods have ever been sold for before in the west.

Try our 3 in 1 oil

There are too many for us to here enumerate; it is used for every kind of household machinery, guns, prevents rust; is a first class furniture polish, and it keeps two more lbs. and 2¢ per gallon. No house should be without it.

Ross Bros. Ltd.

THE ISOLATION HOSPITAL.

The arrangement made by the city council with the public hospital board to conduct an isolation hospital for the care of city patients for an annual grant of \$1000 appears satisfactory from a financial standpoint and should prove not less so from that of efficiency. The care of patients affected with contagious diseases is a civic duty, the financial responsibility of which fluctuates greatly in different years, but the moral responsibility of which is very certain and very great. It is doubtful if the expense per patient per day can be less than \$5, at which rate two hundred hospital days would consume the entire present grant. Under the conditions of a rapidly-growing city, this number is very liable to be exceeded.

TOFIELD.

Correspondence.

Geo. Cookson Jr. of Tofield is in town today. The crops are looking fair in that district.

Prairie fires have ravaged the Beaver Lake district very seriously this spring. A disastrous fire broke out west of Tofield about ten days ago, and, owing to the heavy gale, spread very rapidly. Mr. Cookson, J. R., ordered out a force of twenty-three men who had to desperately fight the flames for hours. A stable and outbuildings of Geo. Cookson Jr. were consumed, also a fine grove of poplars and about a mile of fencing. It took hours of energy to save Wm. Roland's building on the western edge of Tofield district adjacent to the timber reserve from being destroyed. The fire then got beyond control and worked its way northward into the Beaver Hills. The whole belt of country traversed by the main line trail from Beaver Lake to Wilton, a few miles from Tofield, has been ravaged by fire. A large number of culverts and bridges have been destroyed. Immediate action should be taken to render traffic safe. Wm. Roland Jr. merchant of Tofield, was in town purchasing goods for his store this week.

The Rail road President of the Future.

Toronto Globe: Many newspaper readers may have noticed a significant paragraph in the papers yesterday. It said that, as the Canadian Northern Railway was now in operation as far as Saskatoon, the Canadian Pacific Railway had lowered its freight rates to that point. To use a hackneyed expression in its truest sense, there is food here for thought. There is a rooted belief in the public mind that railway competition means low freight rates. The railways are quite hostile to the proposition of any such idea. It would be thought that they would take the greatest care to give no foundation for it. Well, how do they act? The Canadian Pacific sees the Canadian Northern approaching Saskatoon for years, so to speak. They maintain rates against which the people protest. But quite in vain. A deal is turned to all pleas. At length the inevitable takes place. The rival railway begins bidding for freight. The old-established immediately drops its rates. The man who could conceive that community that competition is not a good thing, has not yet been born. And the idea spreads that competitive railways are community needs, and the railways work night and day to spread that doctrine, although every law of nature and common sense would prompt them to give color to a different doctrine.

There may be explanations that save railway managers and officials from being set down as selfish in this regard, and one would be glad to hear them. The fact is that two railways are not always better than one. Where a locality is a one-railway locality, it is distinctly bad for it to have two railways. The two railways is a counsel of despair. Saskatoon, it is true, is not one of those localities. There will be business enough at points in the Saskatchewan valley for two or three railways, but there are many points in Canada where one railway would suffice did not the existing railway so great a deal out of its way to encourage the impression that the one thing these communities want to be perfectly happy is another railway.

We believe that some day a great railway man will arise—a Napoleon of railways—who will say to his staff: "Gentlemen, the principle upon which this railroad is run is to make everybody on its lines happy; then the shareholders will be happy."

DIED.

Hutchings—At the public hospital, Edmonton, on Wednesday, May 17, 1905, Alfred Hutchings, of Poplar Lake, in his 55th year.

Funeral from his late residence, Poplar Lake to Little Mountain cemetery, on Friday, 19th inst., at two o'clock.

Rojevsky Severs Communications
with Land and Goes to Meet Togo
—Russia in a State of Great Excitement.

St. Petersburg, May 18th.—With the stoppage of all communications from Indo China it is supposed Rojevsky has severed connection with land and is on the way to meet the dough-ly Togo. In the meantime Russia nothing daunted is sending out a fourth squadron from the Baltic to re-enforce its Pacific fleet. The anxiety everywhere is intense and universal. Rumors of Rojevsky's illness, and breakdown and consequent appeal to be relieved, are confirmed and denied with every breath. Suffice it to say he is at sea at present and today may witness the tramping of the China Seas.

By Their Own Words.

The Pincher Creek Echo, Conservative, reproves the radical and religious campaign inaugurated by the Calgary Herald, in this way:—

"There are many French votes in the north, it is true, there are also thousands of votes of other nations, and let us hope that the race and religion city will never be raised in the new province and that all may live together peacefully and harmoniously. In this district of Pincher Creek we have many French Canadian settlers and who is there, who not for their race or religion, has anything but respect and liking for them? We are all Canadians, we are all Westerners, living together and working together towards the building up of a new country, and may that politician or self-serving individual who would for his own base ends dare set loose national and religious hatred in Alberta meet the fate he deserves—oblivion."

—Calgary Herald: At the last meeting of the school board the question of increased school accommodation came up on a report from Principal Parker that the present buildings are inadequate. The principal states that with the present staff of teachers he has been compelled to refuse admission to several pupils who are eligible as the rooms are overcrowded. Forty pupils to each teacher is usually accepted as a good average. Calgary public schools have now an average of 47.5 to the teacher. The monthly report of the principal shows for April, 1906, a total enrolment of 1,045 pupils; a daily average of 848.57; a percentage of 81.6. For April, 1904, the corresponding figures are enrolment 811; daily average 677.50; percentage 83.6. That the increase of enrolment for the past year is thus 234. In the High School department, the number of pupils enrolled is 48; the average attendance being 44.6. For April, 1904, the figures were: Enrolment 40; average 34.28.

present date to the first of May,
1908.

A. BUCHANAN, Sec.-Treas.
dy. 112-114 chg.

A REMARKABLE STORY.

WOMAN TELLS OF HER FOUR-
TEEN YEARS OF SUFFERING.

From Buffalo, N.Y.,
comes a startling story,
illustrating how much
suffering a woman can
bear and yet live.
Mrs. H. J. Robson,
189 London St., this
city, says:

"Soon after the
birth of my first child,
14 years ago, con-
stipation became troublesome, and
the various pills and medicines I used
would give temporary relief, but gradu-
ally they seemed to lose their influence
and the condition became worse. I must
have used fully 50 different remedies."

"At times I would have no relief
for food, and what I did eat would dis-
tress my stomach. Gas would form and
cause headache and restless sleep, bearing
down pain, backache, and gradually I began
to recognize the loss of strength, easily tired,
and never feeling fully rested."

"My husband brought me home a
bottle of a new medicine called Anti-Pill
and from the first I began to improve.
My appetite was better and what I ate
did not make me feel uncomfortable.
Anti-Pill is mild and gentle in its
action, and yet it cured my terrible
stomach's constipation and made me feel
so well."

Every Druggist sells this wonderful
Anti-Pill that cured Mrs. Robson. 501

THE NEWS OF TO-DAY

IN CONDENSED DESPATCHES.

Brief Items from many sources tell the story of the day's events.

ASSASSIN EXECUTED.

London, May 18.—Ivan Kalfrafi, the assassin of Duke Sergius, was executed at Moscow today.

THE COMBINE WIDENS.

Montreal, May 18.—It is officially announced by the Dominion Textile Co. that the Montreal Cotton Co. will be taken into the merger. This was one of the biggest combine outside the combine.

NEW MERGER IN SIGHT.

Montreal, May 18.—A merger of all the Rubber Goods companies in Canada with a capital of twelve million dollars and controlling ninety per cent of the rubber goods of the Dominion is foreshadowed in an organization under a charter obtained from Ottawa of a new corporation under the style of "Commercial Rubber Co." of Canada.

RHODES SCHOLAR FROM MCGILL.

Montreal, May 18.—Sir Wm. McDonald has given \$50,000 to McGill University, making a total of \$180,000, donated to the institution by Mr. McDonald.

NEW 'VARSITY' BUILDING.

Toronto, May 18.—Premier Whitney outlined the government's policy in regard to Toronto University. A total expenditure of \$1,600,000 is called for, of which \$400,000 will be paid by the Government. The money is for new buildings, including a million dollar hospital, conversation hall, physicians building, forestry and botany building, museum, men's and women's buildings.

MISSIONARIES SCARCE.

Vancouver, May 18.—The special committee appointed by the Methodist Mission to inquire into the remarkable announcement that Methodist members at Nias River went over in a body to the Church of England, found the difficulty was that missionaries could not be obtained to take charge of northern stations.

ENGINEER'S NARROW ESCAPE.

Winnipeg, May 18.—Engineer Geo. Law had a narrow escape yesterday from being crushed to death beneath his engine. Law had been running on the Canadian Northern to Dauphin. When the accident occurred the train, composed of an engine and caboose, was nearing Kamuscar. The engine jumped from the rails and turned upside down in the ditch. Engineer Law was hurled through the window of the cab and escaped unhurt, but Law was pinned to the ground. With difficulty the train hands succeeded in liberating him.

RAILWAY NOT TO BLAME.

Harrisburg, Pa., May 18.—The coroners jury returned a verdict exonerating the Pennsylvania Railway from blame for the South Harrisburg disaster in which twenty-two lives were lost and more than one hundred persons injured. The jury finds the cause of the accident was the result of applying the air brakes to the freight train in order to stop it so that it would not collide with a shifting engine.

SENTENCED FOR EMBEZZLEMENT.

Portage la Prairie, May 18.—The case of King vs. Herman, for embezzlement was concluded here, and the judge sentenced the prisoner to six months' more imprisonment. V. O. Herman had been an agent in the employ of the Canadian Elevator Co. at Eden, and was sent down for six months last year for embezzlement. Since that time the company discovered further losses, hence the new trial.

LINER MAKES FAST TIME.

Halifax, May 18.—The new Allan line turbine, Virginian, with mails, passed Cape Race at 6 a.m. yesterday, making the trip from Monville in four days and sixteen hours. Were she coming to Halifax she would be here this afternoon and will be due in Quebec on Friday. Gen. Sir Chas. Parsons has received no definite word as to the departure of the 50th Regiment of Royal Garrison Artillery.

We Will Buy

A 50c. Bottle of Liquezone and Give it to You to Try.

We want you to know about Liquezone, and the product itself can tell you more than we. So ask you to tell us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquezone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquezone.

We Paid \$100,000

For the American rights to Liquezone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquezone destroys the cause of any germ disease.

Liquezone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetable; and Liquezone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

These are the known germ diseases: Asthma, Allergies, Anemia, Blood Poison, Rheumatism, Bright's Disease, Bowel Troubles, Coughs, Colds, Constipation, Colic, Dropsy, Gout, Hay Fever, Heart Disease, Headaches, Indigestion, Influenza, Kidney Disease, Liver Disease, Lung Disease, Measles, Malaria, Migraine, Mononucleosis, Neuritis, Nerve Pain, Palsy, Paralysis, Pertussis, Rheumatoid Arthritis, Rheumatism, Scabies, Scurvy, Sinusitis, Skin Diseases, Stomach Disorders, Syphilis, Tension, Tuberculosis, Typhoid, Venereal Diseases, Whooping Cough, Yellow Fever.

There's Nothing New About Liquezone—It's Old as the Mountains. Liquezone is the only germicide that kills germs without killing the tissues, too. It is a vegetable matter, and it is deadly to vegetable matter.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you: to show you what Liquezone is, and what it can do. Is justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquezone costs 50c. and \$1.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to The Liquezone Company, 228 E. Wisconsin Ave., Chicago.

My disease is _____ I have never tried Liquezone. But if you will supply me a 50c. bottle free I will take it.

Name _____ Address _____ City _____ State _____ Zip _____

Give full address—write plainly. See physician or hospital not using Liquezone will be gladly supplied for a test.

THE MACKENZIE BILL**INTRODUCED IN THE HOUSE**

Date of North Oxford Election will be Announced in a Few Days—Experimental Farms Report.

Ottawa, May 18.—The bill was introduced today for the provisional government of Mackenzie district. Sir Wilfrid Laurier told Mr. Borden that he would say in a few days when the election would be held in North Oxford.

It is said there will be no amendment to the audit act which means that the auditor will retire at the close of the present Parliament.

Hon. Mr. Fisher said he would have a report made as to where the experimental farms should be located in Northern Quebec, Northern Ontario and Northern Saskatchewan or Alberta, for the benefit of settlement along the Grand Trunk Pacific.

F. R. Wade, chairman of the Transcontinental Railway Commission, lies in a critical condition at the Russell House, suffering from Meningitis.

MACHINISTS GO OUT

Toronto, May 17th.—The Canada Foundry Co's Machinists went on strike this morning. They demand a cessation of the new system of premium work. The tool-makers quit last night. The moulders will go out also.

KILDONAN ADOPTS LOCAL OPINION

Winnipeg, May 17th.—Yesterday Kildonan declared for local option. The vote was 223 for and 139 against total 662. The by-law required for its passage 3-5 of this 271 votes. The majority was therefore 18. Kildonan will now be temperance for the first time in its history.

CHRISTIAN SCIENTIST CONVICTED

Toronto, May 16th.—The first conviction ever made in a Christian Science prosecution in Canada was recorded at the assizes tonight. Mrs. Sarah Goodfellow, mother of Wallace Goodfellow, who died under Christian Science treatment and three other were charged with unlawfully conspiring to deprive him of the necessities of life. The jury returned a verdict of guilty.

IMPORTANT RULING

Winnipeg, May, 17th.—An important ruling was made yesterday in regard to offences against women in the court of Kings bench. The case was McEwan vs. McGill and the plaintiff brought action against the defendant a neighbor for the seduction of his daughter and got a verdict for \$1,000. The defendant appealed to the full court yesterday against the ruling of the trial judge, on his refusing to allow evidence to be given before the jury as to the previous unchastity of the plaintiff's daughter. The full court dismissed the appeal with costs.

ANOTHER GOVERNOR SHOT

Ufa, Russia, May 17th.—General Sokolovski, Governor General of the Province of Ufa, was fired at and seriously wounded in a public garden during an entertainment. The assassin disappeared. The General's life is despaired of. Vice Governor Bogdanovich has taken over the administration. The shooting of Sokolovski is the second crime of this nature which has occurred at Ufa within two years, his predecessor, General Bogdanovich having been assassinated. May 19th, 1905. General Sokolovski who was Vice Governor of Orenburg, later was military Governor of the same province, acquired a reputation as a stern and vigorous officer and was appointed to restore order in the turbulent Government of Ufa and adopted a repressive policy which long ago caused him to be marked for the same fate as his predecessor.

Superfluous Hair

Removed by the New Principle

De Miracle

Electrolysis, X-ray or cauterization are offered you on the low word of the operators and the manufacturers. DE MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines. Results will be sent free, in plain, sealed envelope.

Your money back without question if it fails to do all that is claimed for it. DE MIRACLE mailed, sealed in plain wrapper, on receipt of \$1. Write for it today to DR. MILNER'S CHEM. CO., 23 Queen Street West, Toronto, or THE SUPERIOR COMPANY LIMITED, Toronto, Ont.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—Train on time.

—The baseball team returned from Wetaskiwin on yesterday's train.

—A good shower of rain fell last night which should prove highly beneficial to crops and pasturage.

—Williamson Bros. shipped a car of hogs and a car of cattle to Calgary today.

—By an error in yesterday's edition a window display of the North West Electric Co. was credited to another firm.

—T. Daly, of Clover bar, was in the city yesterday and reports the bridge on the road to Dowler's hill as in a very dangerous condition and almost impassable.

—A football practice will be held on the grounds opposite the Rinkell hotel tonight for the purpose of choosing a team to compete against Calgary for the Victoria Day medals. All interested should attend.

—Leduc, May 5.—A live bear was seen in the house of Mr. Dixon Saturday and claimed as his own twenty of the best chickens in the poultry yard. In the absence of Mr. Dixon, ruin showed his absolute sovereignty of the place, scaring Mrs. Dixon and the children to a place of refuge. One little Miss Dixon was less fortunate in her escape, receiving on one of her arms a grab from bruin's powerful jaws. However, Providence apparently came to the rescue and the little one escaped scathless, the dress receiving bruin's grinders instead. Later the neighbors turned out en masse in pursuit of the thief, but his lordship must have smelt the plot, disappearing as suddenly as he came. Mr. Dixon is a native of Sweden, residing seventeen years west of Leduc.

Forecast, fine and fair in Manitoba with occasional showers in Alberta.

The weather turned a little cooler and showery in Alberta and Saskatchewan yesterday. It was mild and fair in Manitoba and Ontario. The temperature remained about the same as the day before and no rain was reported. This morning the weather is cloudy and cool in Alberta, and clear and fine in Manitoba.

Temperature recorded at western points for the last 24 hours.

Flour! Flour!

We manufacture flour in standard grades from carefully selected wheat at our own mills.

The wheat grown in the North-West Territories and Manitoba is acknowledged to be the best in the world for milling purposes, and as our mills are fitted with the most improved modern machinery and conducted on the best milling principles, it necessarily follows that the flour produced and sold by us is of the finest quality and second to none on the market. Try it; you will find the price reasonable, and the quality beyond question.

If you prefer local flour, we do it.

Buy Your Flour
 AT THE
 Hudson Bay Stores.

Grand

Spring Opening

Our new stock is now complete in all lines. By buying direct-
 ly from manufacturers we can confidently compare prices with any
 house in Canada, mail order or otherwise. Why send away money
 when you can see the goods before you buy? Bring along your
 catalogue and satisfy yourself.

We sell only for cash; this enables us to buy for cash, which
 certainly places us in a position to outsell all competitors who
 still stick to the credit system. Our store has been re-modelled
 throughout, better lighted, and selling facilities increased in every
 way. We make it a point to look after the convenience of cus-
 tomers. All parcels will be delivered at once, or, if you live in the
 country, the goods will be carefully packed so that they can travel
 any distance.

We handle the Salem shirt for men. The patterns and styles

are elegant. If you want to see, be heard and see those

We also sell the Salem and Victor shirts for ladies. They

are all full sizes and the fit is perfect.

See our ladies' shirts before you buy elsewhere.

The highest prices paid for potatoes, butter and eggs.
